EXPERIENCE

Wonderist Agency

April 2015 - Present

Wordpress Developer & Designer

- Create Wordpress production pages from mockup
- Develop custom CSS and custom responsive design
- Wordpress theme manipulation through PHP

STATE FARM

Project Lead 2012-2014

• Led a team that managed all vehicle rental claims issued in California. Responsibilities included: performing system and data analysis on rental claims, billing with rental claims. Represented State Farm to car rental companies as a liaison for any rental claims-related issues.

WILLDAN ENERGY

Program Manager 2010-2012

• Managed and supervised a team. Represented the partnership program to small business owners in the LADWP District and informed them about energy-efficiency products and practices.
